

wired.MD OFFERS streamMed CLINIC

EDUCATE

streamMed Clinic™ features the multimedia, multilingual streamMed Library which includes **400+** patient education videos, **1450+** handouts, **65** animations, and **390+** of the best health websites, incorporated in an **easy-to-use** software application for your staff.

SAVE TIME

A large library of educational resources saves your staff time by **streamlining** the patient education process. **Pre-print handouts**, show videos to patients while they wait in the exam room. **Email** information to patients to **access from home**.

IMPROVE QUALITY

Patients can use handouts to access **additional videos** and handouts from their computer at home, educating **family** members and **caretakers**. Better educated patients have improved health outcomes and **increased satisfaction** with their health care experience.

a product of wired.MD®

FEATURES

- :: Up to Date.** Content is continually reviewed by accredited on-staff medical professionals. On average, **40 NEW** and **35 updated** videos are added to the streamMed Library each year.
- :: Evidence-Based.** All content is **evidence-based** and new video topics are selected based on the very latest medical information and **customer feedback**.
- :: Multilingual.** Patient education videos are available in up to **9 languages**. Every NEW video is produced in **English** and **Spanish**. Multilingual videos feature **native-language** speakers (not dubbed translations).
