

Patient Education Videos

DVD

**EDUCATION IS THE
BEST MEDICINE.**

BENEFITS

Flexibility

Health information videos on DVD can be utilized to effectively educate at each patient touch point. They are ideal for patient consultations, group presentations, classes or events, or patient lending. And with looping functionality, any DVD can also be used in a waiting room setting.

Variety

Single title, Specialty Collections, & Custom-created DVDs are currently available. Specialty Collections provide the best value with multiple topics at a discounted price.

One-Time Fee

DVD's do not require a license fee or agreement. They are for use on a single screen and may not be duplicated or broadcast.

UP TO DATE

wired.MD videos are thoroughly reviewed by experienced and accredited medical professionals. New and updated topics are added to the library annually and selected based on timely medical issues.
